

The Ultimate Private Address With Exclusive Detached Condominiums

An exclusive community of 44 architecturally-designed, luxury detached one-floor condominium homes.

Located on an elevated ridge, the site enjoys a prime location bordering the beautiful and natural environment of the Warbler Woods permanent open space, and offering residents an impressive vista over the west end of the city of London. *Beautiful!*

Many homes feature the ultimate privacy of backing directly onto the natural open space of Warbler Woods, while others enjoy the privacy and serenity created by the large spectacularly landscaped park in the middle of the community. Large lots, unmatched specs, amazing landscaping, prime locations, and a gated community! *Signature designs* crafted by The Graystone Team.
